

MANUAL

in terms of section 14 of the Promotion of Access
to Information Act, no. 2 of 2000

(The Act or PAIA)

South African National Biodiversity Institute (SANBI)

- SANBI was established under the National Environmental Management: Biodiversity Act, no. 10 of 2004. It expands the mandate of the National Botanical Institute to include responsibilities relating to the full diversity of South Africa's fauna and flora, and builds on the internationally respected programmes in conservation, research, education and visitor services developed by the National Botanical Institute and its predecessors over the past century.
- In terms of financial governance, SANBI is listed as a Schedule 3A Public Entity under the Public Finance Management Act.
- The functions of SANBI are contained in the National Environmental Management Biodiversity Act no. 10 of 2004 (article 11, functions).
- The mission of SANBI is: To champion the exploration, conservation, sustainable use, appreciation and enjoyment of South Africa's exceptionally rich biodiversity for all people.
- Core business areas: SANBI's core business areas are reflected in the organization's two major branches which include Biodiversity Research and Knowledge management; and Corporate, Estate and Finance Management. It can be summarized as:
 - Research, monitoring and assessment of biodiversity trends and threats, including climate change.
 - Co-ordinate Biodiversity Information Management and access.
 - Co-ordinate programmes for protecting, restoring and reducing loss of national habitat in threatened biomes and ecosystems.
 - Promote science-based policy advice.
 - Manage a network of conservation gardens (national botanical gardens).
 - Drive human capital development, education and awareness in respect to SANBI's mandate.
 - Implement effective systems and processes to support the achievements of the mandate.

Remedies available against SANBI where access to a record is denied, or where SANBI acts unfairly or in breach of the Act, or fails to act

APPLICATIONS TO COURT

A *requester* who is aggrieved by a decision of the Information Officer of SANBI to refuse a request for access, or by decisions of SANBI relating to fees, relating to extension of time, or relating to the form of access granted, may, by way of an application, within 30 days apply to a court for appropriate relief.

A *third party* that is aggrieved by a decision of the Information Officer of SANBI to grant a request for access, may, by way of an application, within 30 days apply to a court for appropriate relief.

A court hearing an application may grant any order that is just and equitable, including orders confirming, amending or setting aside the decision which is the subject of the application, requiring SANBI to take such action or to refrain from taking such action as the court considers necessary, granting an interdict, interim or specific relief, a declaratory order or compensation.

CRIMINAL OFFENCE

It is a criminal offence for any person, with intent to deny a right of access in terms of the Act, to destroy damage or alter a record, conceal a record or falsify a record. If a requester or third party suspects an official of SANBI having committed any of these acts, he or she may report such suspected offence to the police.

REPORT TO THE PUBLIC PROTECTOR

A person aggrieved by any action taken or not taken by SANBI in terms of the Act may report such matter to the Public Protector. The Public Protector has the authority to try to resolve the matter by mediation, conciliation, negotiation, advising a complainant regarding other appropriate remedies, or any other means that may be expedient in the circumstances.

Request procedure and records that may be requested

Every request must contain the information set out in paragraphs 1 to 7 below, and must substantially correspond with the prescribed form, a copy of which is attached as ANNEXURE B to this manual.

1. Sufficient particulars of the records required to enable SANBI to identify the record or records requested. Include the location of the record if known.
2. Sufficient particulars to enable SANBI to identify the requester.
3. The type of access required.
4. The particular language in which the record concerned is preferred.
5. Postal address or fax number in South Africa, or an e-mail address.
6. If, in addition to a written reply to the request, the requester wants to be informed of the decision in any other manner, that manner with the relevant particulars must be stated.
7. Proof of the capacity in which the requester is acting, if requesting access on behalf of another, must be provided.
