TAX CLEARANCE CERTIFICATE REQUIREMENTS

It is a condition of bid that the taxes of the successful bidder must be in order, or that satisfactory arrangements have been made with South African Revenue Service (SARS) to meet the bidder's tax obligations.

1. In order to meet this requirement bidders are required to complete in full the attached form TCC 001 "Application for a Tax Clearance Certificate" and submit it to any SARS branch office nationally. The Tax Clearance Certificate Requirements are also applicable to foreign bidders / individuals who wish to submit bids.
2. SARS will then furnish the bidder with a Tax Clearance Certificate that will be valid for a period of 1 (one) year from the date of approval.
3. The original Tax Clearance Certificate must be submitted together with the bid. Failure to submit the original and valid Tax Clearance Certificate will result in the invalidation of the bid. Certified copies of the Tax Clearance Certificate will not be acceptable.
4. In bids where Consortia / Joint Ventures / Sub-contractors are involved each party must submit a separate Tax Clearance Certificate.
5. Copies of the TCC001 "Application for a Tax Clearance Certificate" form are available from any SARS branch office nationally or on website www.sars.gov.za
6. Applications for the Tax Clearance Certificates may also be made via eFiling. In order to use this provision, taxpayers will need to register with SARS as eFilers through the website www.sars.gov.za

Total points for Price and B-BBEE must not exceed	100

1.4 Failure on the part of a bidder to fill in and/or to sign this form and submit a B-BBEE Verification Certificate from a Verification Agency accredited by the South African Accreditation System (SANAS) or a Registered Auditor approved by the Independent Regulatory Board of Auditors (IRBA) or an Accounting Officer as contemplated in the Close Corporation Act (CCA) together with the bid, will be interpreted to mean that preference points for B-BBEE status level of contribution are not claimed.

**Stop Fraud, Theft and Corruption without Fear or Favour - Call our Hotline 086 011 1899
Anytime**

- 1.5. The purchaser reserves the right to require of a bidder, either before a bid is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the purchaser.

2. DEFINITIONS

- 2.1.1 **“all applicable taxes”** includes value-added tax, pay as you earn, income tax, unemployment insurance fund contributions and skills development levies;
- 2.2 **“B-BBEE”** means broad-based black economic empowerment as defined in section 1 of the Broad-Based Black Economic Empowerment Act;
- 2.3 **“B-BBEE status level of contributor”** means the B-BBEE status received by a measured entity based on its overall performance using the relevant scorecard contained in the Codes of Good Practice on Black Economic Empowerment, issued in terms of section 9(1) of the Broad-Based Black Economic Empowerment Act;
- 2.4 **“bid”** means a written offer in a prescribed or stipulated form in response to an invitation by an organ of state for the provision of services, works or goods, through price quotations, advertised competitive bidding processes or proposals;
- 2.5 **“Broad-Based Black Economic Empowerment Act”** means the Broad-Based Black Economic Empowerment Act, 2003 (Act No. 53 of 2003);
- 2.6 **“comparative price”** means the price after the factors of a non-firm price and all unconditional discounts that can be utilized have been taken into consideration;
- 2.7 **“consortium or joint venture”** means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract;
- 2.8 **“contract”** means the agreement that results from the acceptance of a bid by an organ of state;
- 2.9 **“EME”** means any enterprise with an annual total revenue of R5 million or less .
- 2.10 **“Firm price”** means the price that is only subject to adjustments in accordance with the actual increase or decrease resulting from the change, imposition, or abolition of customs or excise duty and any other duty, levy, or tax, which, in terms of the law or regulation, is binding on the contractor and demonstrably has an influence on the price of any supplies, or the rendering costs of any service, for the execution of the contract;
- 2.11 **“functionality”** means the measurement according to predetermined norms, as set out in the bid documents, of a service or commodity that is designed to be practical and useful, working or operating, taking into account, among other factors, the quality, reliability, viability and durability of a service and the technical capacity and ability of a bidder;
- 2.12 **“non-firm prices”** means all prices other than “firm” prices;

CERTIFICATE OF INDEPENDENT QUOTATION DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all quotations¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:

Name of Bidder

Consultant to undertake a literature review and feasibility study for the categorisation and quantification of the wildlife ranching sector in South Africa Q5351/2016

Terms of Reference / Invitation to Quote:

The South African National Biodiversity Institute (SANBI) wishes to appoint a Service Provider (individual or team) on an Independent Contractor Agreement to undertake a literature review of current research and reports on the wildlife ranching sector in South African and investigate the feasibility of categorising / quantifying the sector, in order to contribute to SANBI's understanding of this sector.

1. Background

In order to understand the role of biodiversity in the South African economy, it is necessary to measure the contribution of key sectors that rely on biodiversity assets. The wildlife ranching sector is one of these sectors that rely heavily on biodiversity assets and our natural environment, and is a sector that has been identified for growth through the Department of Environmental Affairs' Biodiversity Economy Strategy and the recent "biodiversity economy lab" process initiated by national government.

The wildlife / game ranching sector or "wildlife economy" in South Africa is currently not well defined. Game or wildlife ranching could be undertaken for tourism, hunting, breeding of high-value species or meat production, or possibly any combination of these purposes. The sector can also range from extensive ranching with minimal human intervention to intensive production systems with a high-level of human intervention, with a large continuum in between these extremes. Definitions of categories along the continuum are not yet clear, although some efforts are being made to make a categorisation framework. Landuse categorisations and regulatory responsibility (agriculture versus environment) are also unclear. The impact on biodiversity of the various categories of game ranching has also not been investigated in detail and likely ranges from very low impact and high conservation value for biodiversity and ecosystem services for extensive ranching to high impact, low conservation value in intensive production systems.

SANBI needs to gain the following understanding to ensure that it is well-placed to make policy recommendations on the regulation of the wildlife ranching sector:

- the contribution of the game / wildlife ranching sector to the South African economy (i.e. the benefits to humans from this reliance on biodiversity)
- the extent to which the sector (or perhaps only parts of the sector) is compatible with the long-term conservation and management of biodiversity assets.
- the potential for categorising the wildlife ranching sector into categories and/or landuse classes applicable to both the biodiversity sector and the agriculture sector.

2. Scope of work of Service Provider

The scope of work of the Service Provider is as follows:

- 2.1** Undertake a review of existing work and literature on the size and contribution of the wildlife ranching sector to the South African economy, including what data such research or reporting was based on, and an assessment of the data's reliability. The review must examine the Cloete et al, 2015 "Game Ranch profitability in South Africa. ABSA report"; the recent Endangered Wildlife Trust's 2016 report "An assessment of the economic, social and conservation value of the wildlife ranching industry and its potential to support the green economy in South Africa"; as well as others. Any key gaps in current literature / research must be highlighted for Deliverable 3. **Deliverable 1: summary of existing work's findings on the contribution of the wildlife ranching sector to the South African economy, including data sources and reliability.**

- 2.2** Investigate existing frameworks and/or recommend a new framework for categorising the South African wildlife ranching sector from extensive through to intensive – which might include investigating international practices and/or examining current attempted categorisations such as the Redford et al. (2011) categorisation of species populations from captive managed to self-sustaining. Landuse class definitions should also be considered. Recommend whether such categorisations would work in South Africa to measure the wildlife ranching sector in terms of:
- The ability of the categorisation to quantify what portion of the sector is within each category in terms of hectareage, farm numbers, job numbers and other relevant metrics where data are available;
 - The categories' definitions and their compatibility with agricultural definitions of landuse
 - The sector's contribution to biodiversity conservation (i.e. hectares in a relatively natural state);
 - The ability of the categorisation to align with the proposed "green certification" for the sector (current work is underway for the hunting portion of the sector)
 - The sector's contribution to the economy in terms of job numbers per hectare, profitability of the different categories, ability to compare to other rural sectors like conventional agriculture, etc.);
 - The ability of the categorisations to be depicted spatially, at what scale such mapping would need to occur, the underlying datasets required to do such mapping and their update regularity (i.e. how often could one undertake a comparative mapping process?).
- Deliverable 2: comprehensive report investigating categorisation frameworks and/or recommending a new categorisation framework, using the criteria above and listing any uncertainties for the proposed framework (e.g. data availability).**
- 2.3** Recommend key questions for further investigation so that a comprehensive understanding of the wildlife ranching sector and its relationship to biodiversity conservation can be gained. **Deliverable 3: report on recommendations for further investigation.**

The Service Provider will be expected to liaise with various stakeholders in the wildlife ranching and biodiversity sectors via telephone and email, and undertake desktop research. The Service Providers will need to work closely with Jeanetta Selier, John Donaldson and others at SANBI. Interviews with key stakeholders, such as industry bodies, will be required. Some workshops might be required, however there is not a large budget for travel or workshops and the Service Provider should therefore minimise such recommendations.

3 Skills, competencies and other requirements

In order to fulfil this role, the Service Provider requires the following skills and competencies. The response to the terms of reference should indicate the extent to which the Service Provider fulfils these requirements.

Knowledge, experience and skills are required in:

- The wildlife sector – its stakeholders and composition (game farming and game ranching from extensive to intensive)
- Some sector-related economics expertise
- Desktop research
- Report writing
- Working independently and delivering efficiently on high quality and accurate deliverables within tight agreed timeframes

Knowledge and understanding of the following will be an advantage:

- The biodiversity sector in South Africa, including pressures on biodiversity.
- Spatial biodiversity assessment and planning

4 Requirements for proposals and quotations

Service Providers interested in contributing towards this project should submit a concise written proposal that addresses the scope of work and the above requirements and outputs. The proposal must include:

4.1 A response to the Terms of Reference

- Description of how the Service Provider is qualified and able to meet the requirements of the project detailed above, including a brief section on methods applied and lessons learnt in similar processes.
- A proposed workplan for the Service Provider to accomplish the deliverables mentioned above in the timeframe stipulated in the budget section below.
- Details of the Service Provider (individual or team), including relevant skills, experience and track record – short CV(s) must be included.
- Contact details of at least three current or recent clients, preferably in related work.
- Examples of relevant recent research and writing that the consultant was personally responsible for conceptualising, researching, analysing and writing.

4.2 Budget

This is a specialist consultancy and, as such, quotes must state the daily rates of the Service Provider, with VAT listed separately if applicable. The contract will require approximately 20-25 days of a Service Provider's time between January 2017 and end March 2017, depending on date of commencement of contract. Notes for the budget:

- The budget should only cover the Service Provider's time.
- Subsistence and travel should NOT be included in the budget and may be arranged separately, in line with SANBI's policies and rates.
- Cell phone and computer expenses are for the Service Provider's own account.

4.3 Other supporting documents

- The Service Provider(s) must be registered on the Central Suppliers Database (CSD) of National Treasury and provide their CSD Registration report.
- Completed Standard Bidding Documents (SBD 4, 8, 6.1, 9).
- The Service Provider should attach a valid BBBEE certificate.
- The Service Provider must attach a valid Tax Clearance certificate.
- The Service Provider should attach a valid BBBEE certificate.
- Evidence of professional registration should be provided in support of any claims (e.g. SACNASP, PLATO).

5 Evaluation criteria

The Preferential Procurement Policy Framework Action (No. 5 of 2000) and SANBI procurement processes applies to these Terms of Reference. Proposals will be evaluated in two stages:

5.1 The first stage will evaluate functionality according to the criteria listed in the table below:

Criteria for measuring functionality		Weight
1.	Technical merit of the proposal: - Approach, deliverables and timeframes - Demonstrated understanding of the requirements, and included innovative ideas to undertake the work	40 total (20) (20)
2.	Relevant past experience (appropriateness of work portfolio, previous relevant projects and overall track record)	15 total
3.	Evidence of competencies: - Knowledge of the wildlife ranching sector and its stakeholders - Sector-level economic research - Desktop research and report writing experience - Knowledge of the biodiversity sector and spatial biodiversity planning	45 total (15) (10) (10) (10)
TOTAL		100

**Stop Fraud, Theft and Corruption without Fear or Favour - Call our Hotline 086 011 1899
 Anytime**

Service Providers who fail to score a minimum of 70 points out of a possible 100 points on the functionality criteria will not be eligible for further consideration.

- 5.2** The second stage will evaluate the price and preference points of those bids that meet the minimum threshold for functionality. The 80/20 point system will be applied in evaluating proposals that qualify for further consideration, where price constitutes 80 points and the B-BBEE Status Level Certificate scores constitutes 20 points.

6 Nature of appointment and contractual arrangements

- Accountability and reporting will be to the Project Manager: Biodiversity Research, Ms Carol Poole; with feedback to other members of the SANBI team when required.
- The contract will be drawn up between SANBI and the Service Provider.
- Invoices will be paid for deliverables received as agreed in the contract.
- Invoices must indicate the deliverables produced. No upfront payments will be made.
- SANBI will pay for the satisfactory completion of work within 30 days of date of invoice (addressed to the South African National Biodiversity Institute).

7 Proposal submissions

Closing date for submission of proposals: 11h00 on 27 January 2017

Submissions to: Mr. Naphtally Kgola at N.Kgola@sanbi.org.za and copy Mr. Prince Hlongwane at p.hlongwane@sanbi.org.za. Queries for further information can be submitted via email to Carol Poole on c.poole@sanbi.org.za or on 021 799 8695.

Note: Late submissions will be disqualified.

Procurement is through the SANBI processes and the SANBI quotation number for this call is **Q5351/2016**
