POSTER NETWORKING SESSION
28 AUGUST 2018

Dear Poster Exhibitors

Please find photographs of the type of backing boards we have to display your poster on below. The boards are square and will allow A0-size posters (841 x 1189 mm) in portrait layout. Backing boards are made of a soft material that is painted. Posters that are framed can be secured as displayed in the photo. Unframed posters can be pinned down with drawing pins. Please bring pins with you if you are presenting a poster.
