CERTIFICATE OF INDEPENDENT QUOTATION DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all quotations¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

1. Background

SANBI, as mandated by the National Environmental Management: Biodiversity Act, leads and coordinates research, and monitors and reports on the state of biodiversity in South Africa. The institute provides knowledge and information, gives planning and policy advice and pilots best-practice management models in partnership with relevant stakeholders with the aim of contributing to sustainable development through biodiversity conservation.

The Global Environment Facility (GEF) funded Biodiversity and Land Use Project, implemented by South African National Biodiversity Institute (SANBI) and its partners seeks to mitigate multiple threats to biodiversity by increasing the capabilities of authorities and land owners to regulate land use and manage biodiversity in threatened ecosystems at the municipal scale. The project aims to deliver a package of measures that will ensure future land use practices and permitting decisions do not compromise biodiversity and ecosystem function.

The project works in four district municipalities in global biodiversity hotspots and national biodiversity priority areas, with very high rates of habitat degradation and conversion, high levels of poverty, and other pressing needs for action: Amathole, uMgungundlovu and Ehlanzeni District Municipalities are located in the Maputaland-Pondoland-Albany hotspot; and the Cape Winelands District Municipality is located between the Succulent Karoo and the Cape Floristic Region hotspots.

An increasingly large component of SANBI's work is that of communication and outreach – including the translation of biodiversity-related science into materials accessible to the public, facilitating Learning Networks with stakeholders on various topics, and providing biodiversity-related information in various formats. 7. Quotation Evaluation Criteria

In accordance with the National Treasury Instruction Note on the Amended Guidelines in Respect of Bids that include Functionality as a Criterion for Evaluation (issued 3 September 2010), the quotations will be evaluated in two stages:

PHASE 1: EVALUATION

The service provider is expected to attach the following documents and is compulsory:

(a) SBD 1, 4, 8, 9 and 6.1.

(b) A valid certified copy of BBBEE certificate or sworn affidavit. (Please note that failure to submit a valid certified B-BBEE certificate/sworn affidavit mentioned above will not necessarily result in a bid being disqualified, but no points will be awarded for B-BBEE status).

(c) Failure to attach the above documents will lead to your bid being disqualified.

The first stage will evaluate functionality according to the technical criteria listed in the table below:

Criteria	Points
Demonstrated expertise of prospective service provider	30
Conceptualizing, strategizing, researching, analyzing and writing skills of prospective service provider as demonstrated through the examples of previous work provided	25

Appropriateness of methodology proposed by prospective service provider (level of detail in the proposal, approach to undertake key project activities)	25
Qualifications of prospective service provider	20
TOTAL	100

Service providers who fail to score a minimum of 70 points out of a possible 100 points on the technical criteria will not be eligible for further consideration.

The second stage will evaluate the price and preference points of those quotations that meet the minimum threshold for functionality. In accordance with the Preferential Procurement Regulations, 2011 pertaining to the Preferential Procurement Policy Framework Act (No. 5 of 2000), the 80/20-point system will be applied in evaluating proposals that qualify for further consideration, where price constitutes 80 points and a maximum of 20 points will be awarded based on the bidder's B-BBEE status level certificate.

Prospective service providers are required to submit a **valid tax clearance** certificate with their quotations.
