CERTIFICATE OF INDEPENDENT QUOTATION DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all quotations¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

Request for Quotation

THE SOUTH AFRICAN NATIONAL BIODIVERSITY INSTITUTE (SANBI) SEEKS TO APPOINT A SUITABLY QUALIFIED SCIENCE SERVICE PROVIDER (INDIVIDUAL OR TEAM) ON AN INDEPENDENT CONTRACTOR AGREEMENT TO PROVIDE ADVICE AND TRAINING RELATED TO THE DEVELOPMENT OF BIODIVERSITY INDICATOR WORKFLOWS LINKED TO THE SDGS (SUSTAINABLE DEVELOPMENT GOALS) AND THE NBA (NATIONAL BIODIVERSITY ASSESSMENT).

Tender No: Q6910/2020

1. Background

The South African National Biodiversity Institute is mandated to monitor and report on the status of biodiversity in South Africa (Section 49: NEM: Biodiversity Act - No. 10 of 2010). SANBI meets part of this mandate through the National Biodiversity Assessment (NBA), which reports on the status and trends of biodiversity and ecosystems on a 5-7-year cycle; focussing on high level indicators such as threat status and protection level for species and ecosystems.

These indicators and variants thereof form an important part of our national biodiversity monitoring system and are required for national reporting processes linked to the National Development Plan and to international conventions and obligations such as the United Nations Convention on Biological Diversity (CBD) and the Sustainable Development Goals (SDG).

2. Scope of work for Service Providers

This consultancy will focus on assisting SANBI in the development of repeatable and robust workflows that enable the regular (and hopefully semi-automated) update of key indicators and ensure that the data formats and processes are aligned with the requirements of online dashboard systems. The assistance will take the form of advice on workflow development, data formats, automation and approaches to online dashboard development. In addition, time should be allocated to training of SANBI staff on selected data formatting and preparation tasks.

The following major activities are envisaged:

- Advise SANBI's NBA unit on the key steps and requirements related to the development of biodiversity indicator workflows (from data cleaning and data formats to analysis and automation to dashboards and visualization), using existing data from the National Biodiversity Assessment. The deliverable linked to this component is a short report detailing recommended workflows suitable for the selected group of biodiversity indicators. Time estimate for research, meetings and report compilation ~15 days.
- Identify key capacity requirements and knowledge gaps in the development of biodiversity indicator workflows at SANBI; identifying elements / processes for which outsourcing is required and elements which can be dealt with internally (given a reasonable level of training and capacity building). The deliverable for this component is a brief implementation plan for the agreed workflows. Time estimate for research, meetings and report compilation ~10 days.
- Provide training to selected NBA unit staff on data preparation for selected pilot indicators. The deliverable for this is brief summary of training content, and schedule of all training sessions conducted ~15 days.

The activities are expected to take place over a 6-month period from the date of project initiation. The appointed Service Provider will work under the supervision of the Lead: National Biodiversity Assessment and the Director: Biodiversity Information Management and Planning at SANBI and is expected to meet regularly at SANBI's Kirstenbosch Research Centre (or online, depending on Covid regulations). As such, consultants based in Cape Town are preferred in order to reduce travel costs.

3. Skills, competencies and other requirements

The service provider is required to have extensive experience with all aspects of biodiversity indicator workflows; from data cleaning and data formats, to analysis and automation, to dashboards and visualizations. Experience in training and capacity building for data science is essential. An added advantage will be knowledge of, or experience with biodiversity / environmental data and workflows.

4. Requirements for proposals and quotations

The consultancy is for approximately 40 days of professional time, split between meetings, research and training. SANBI is to pay for any approved travel separately. The consultancy is expected to run over a 6-month period, so the service provider needs to ensure that they have sufficient capacity to provide 40 days of time with this period.

Service providers interested in contributing towards this project should submit a concise written proposal that addresses the scope of work and the above requirements and outputs. The proposal must include:

- a) Proposed work plan for how the Service Provider intends to meet the scope of work.
- b) Cover letter describing how the Service Provider is qualified and able to meet the requirements of the project detailed above. This should include details of the Service Provider (individual or team), including relevant qualifications, skills and experience – short CV(s) must be included.
- c) A list of at least three current or recent contracts, preferably in related work so that it provides evidence of the competencies required. The list should detail the nature of the work, the value of the work and contact details of the clients.
- d) Examples of relevant recent research and writing that the consultant was personally responsible for conceptualising, researching, analysing and writing.
- e) Other supporting documents: The Service Provider(s) must provide their proof of registration on the Central Suppliers Database (CSD) of National Treasury, and as such all tax clearance and other requirements must be met. The Service Provider is welcome to provide other supporting documents not available on the CSD (e.g. BBBEE scorecard), if relevant. Evidence of professional registration should be provided in support of any claims.
- f) Budget: Quotations must state the daily and/or hourly rates of the Service Provider per activity outlined in the proposed work plan, with VAT listed separately if applicable. Cell phone, computer expenses and local road travel (e.g. to visit the SANBI Kirstenbosch office) are for the Service Provider's own account. Travel should not be included in the budget and may be arranged separately, in line with SANBI's policies.
