CERTIFICATE OF INDEPENDENT QUOTATION DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all quotations¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

FUNCTIONALITY EVALUATION CRITERIA

In accordance with the National Treasury Instruction Note on the Amended Guidelines in Respect of Bids that include Functionality as a Criterion for Evaluation (issued 3 September 2010), the quotations will be evaluated in two stages:

PHASE 1

The service provider is expected to attach the following documents and is compulsory:

- (a) SBD 1, 4, 8, 9 and 6.1.
- (b) A valid certified copy of BBBEE certificate or sworn affidavit. (Please note that failure to submit a valid certified B-BBEE certificate/sworn affidavit mentioned above will not necessarily result in a bid being disqualified, but no points will be awarded for B-BBEE status).
- (c) Full CSD report

Failure to attach the above documents will lead to your bid being disqualified.

PHASE 2

The following criteria will be scored to evaluate the functionality of the proposals submitted by the service provider:

Functionality	Score
A. Experience and compliance:	50%

1.Company service profile (30%) 2.Certification required (10%) 3.A copy of Health & Safety policy (10%)	
B. Merit and approach of proposal: 4.Methodology used in the fumigation process (30%) 5.Safety certificate be presented by the service provider after completion of the fumigation - (5%) 6.Six months warranty - (5%)	50%

Bids that fail to score a minimum of 60 % out of a possible 100 points for functionality will not be eligible for further consideration.

The second stage will evaluate the price and preference points of those bids that meet the minimum threshold for functionality. Under the Preferential Procurement Regulations, 2011 on Preferential Procurement Policy Framework Act (No. 5 of 2000), the 80/20 point system will be applied in evaluating proposals that qualify for further consideration, where price constitutes 80 points and a maximum of 20 points will be awarded based on the B-BBEE status level certificate submitted with the proposal. Failure to submit such a certificate will not necessarily result in the proposal being disqualified, but no points will be awarded for B-BBEE status
