CERTIFICATE OF INDEPENDENT QUOTATION DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all quotations¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

**THE SOUTH AFRICAN NATIONAL
BIODIVERSITY INSTITUTE (SANBI) WISHES
TO APPOINT A CONSULTANT TO PROVIDE
CAPACITY DEVELOPMENT AND TRAINING
SUPPORT TO THE SANBI-GBIF NODE IN THE
ARENA OF BIODIVERSITY INFORMATICS,
WHICH INCLUDES SKILLS IN DATA
MOBILIZATION, DATA MANAGEMENT,
PUBLISHING, ANALYSIS AND USE.**

Tender No: Q7083/2021

*The South African National Biodiversity Institute (SANBI) wishes to appoint a consultant on an 18- month contract to provide **capacity development and training support** to the SANBI-GBIF Node in the arena of biodiversity informatics, which includes skills in data mobilization, publishing and use. These efforts tie into the objective to grow biodiversity informatics skills nationally and regionally.*

1. Background

SANBI hosts the South African Node of the Global Biodiversity Information Facility (GBIF). The efforts of SANBI-GBIF is guided by several key strategic objectives, this includes: 1. Promoting the sharing of data and information under a common set of standards 2. Contributing to education, training, and capacity development for promoting national access to data 3. Advising on national and international initiatives 4. Facilitating marketing and awareness raising of the benefits and applications for end users 5. Leadership to the coordination of the GBIF-Africa network through the implementation of the Africa Coordinating Mechanism (ACM).

The Node is guided by and contributes to SANBI's corporate strategic plan, the SANBI Regional Engagement Strategy for Africa and the GBIF Strategic Implementation Plan, as well as the GBIF-Africa African Coordinating Mechanism Business Case. These strategic frameworks give direction and alignment to efforts to grow biodiversity informatics networks and capacities, strengthen technical skills, data management and publishing competency and increase the use and uptake of biodiversity data and information on the continent, in support of sustainable development.

SANBI have made significant strides in developing capacity in biodiversity informatics through following a holistic approach to capacity development through regular training events for students, interns and professionals; the development of a large community of practice (CoP), and smaller subject specific communities; and also working with academia towards developing biodiversity informatics as a discrete field of science with a formalized curriculum. The Node has also developed a five-year strategy for the implementation of a Centre for Biodiversity Information Management, with the primary aim to facilitate capacity development in biodiversity informatics nationally, as well as regionally.

2. Objectives of work

The SANBI-GBIF Node requires written quotations for the design, preparation, and implementation/facilitation of three biodiversity informatics courses, which will be conducted over the next 18 months. Training courses should range between **3-5 days per workshop** (variations can be considered). The biodiversity informatics courses should include one or a combination of the following topics: biodiversity data management, biodiversity data geo-referencing, species distribution modelling, biodiversity data generation and mobilization, data analysis, data use and applications for science and policy. SANBI-GBIF is also opened to receiving applications for training on using specific software and tools. A blended learning approach will be used by the facilitator, which includes the use of the SANBI-GBIF eLearning Platform tool to enable access to online reusable resources in the classroom.

3. Scope of work and requirements of the service provider

The service provider will need to support the 5-year strategy for capacity development in biodiversity informatics by the SANBI-GBIF Node and support the delivery of three training events. SANBI requires 15 days of the service provider's time which will include preparation time, in the following focus areas:

Service Provider Functions:

- Design, prepare and conduct 3 hands-on SANBI-GBIF hosted training events with approximately 15-20 participants, covering one or a combination of the following topics: biodiversity data management (formatting, cleaning, geo-referencing), species distribution modelling, biodiversity data generation and mobilization, data analysis, data use and applications for science and policy.
- The hands-on training should include the introduction and use of software such as Open Refine, RStudio and/or other relevant software as appropriate, and use of the GBIF landscape such as the website would also be relevant.

- The trainer will also be required to record the presentations, using suitable software like adobe connect etc, so that video recordings of the presentations are made available of the training, this can be done afterwards in discussion also with the DD: Partnerships and Cooperation.
- We request that trainers include some assessment questions and quizzes that can be placed online, to support the participants to understand the content.

Project Management Functions:

- To meet with the Deputy Director: Biodiversity Informatics Partnerships and Cooperation to agree on the courses and structure or training events, discuss the draft agendas, participants and facilitation methodology for the training events.
- To engage with the DD with regards to the assessments and quizzes for the training.
- To liaise closely with the Deputy Director: Biodiversity Informatics Partnerships and Cooperation with regards to any queries or challenges that emerge from the training.

4. Deliverables and timeframes

- The facilitator must be available to conduct 3 training workshops, as well as include preparation time for the implementation of the course.
- All documentation and presentations used by the facilitator, in the training must be provided to SANBI before the training event.
- Pre-course resources should be identified by the trainer, to give participants some time to prepare for the course. Printed notes / slides / training manual should be prepared by the trainer, for note taking by participants.
- The provision of an agenda, training materials and/or course handouts will be made available to the participants.
- The trainer's presentations and workshop materials will be made accessible online for use in the training.
- Compilation of an evaluation report.
- The service provider will be required to attend an inception meeting, plus a short progress meeting at regular intervals, as outlined below.
- After the inception meeting, an indicative project plan must be developed outlining the timeframes for expected tasks and training events, in line with the scope of work above.

5. Skills and competencies required

The service provider needs to have the necessary background, understanding and working experience to be appointed.

Excellent knowledge, experience, demonstrable skills, and competencies are required in the following areas:

- High level understanding of biodiversity informatics as a content area, including data management (cleaning, formatting, georeferencing), data mobilization, biodiversity information systems, technical platforms, and data use and applications (e.g. niche modelling) and visualization tools.
- Highly developed interpersonal skills,
- Excellent facilitation skills and ability to understand and work with social dynamics and diverse groups.
- Facilitated previous training events.

6. Requirements for proposals and quotes

Service providers interested in contributing towards this work should submit a concise written proposal that addresses the scope of work and the above requirements and outputs. The proposal must include:

6.1 A response to the Terms of Reference

- Details of the service provider, including relevant qualifications, skills, experience and track record and a comprehensive CV
- A brief description of the service providers approach to and interpretation of the scope of the work set out in section 3, above, drawing on experience of biodiversity information management and previous training events.
- An outline of the proposed 3 training events as a Programme of work.
- Contact details of at least 3 recent clients

6.2 Budget

- Provide a detailed and complete budget for the proposed work, including:
- Professional fees (number of days and rate per day) and VAT separately if applicable. This should include the service provider's time, as well as the following overheads (own office, consumables, computers, telephony, and data, as well as travel with own vehicle within 100km, etc...)
- Subsistence and travel disbursements should NOT be included in the budget. These costs will be covered by SANBI directly or may be claimed separately subject to prior approval by SANBI. All S&T, Travel and accommodation costs will be subject to SANBI policies and rates.

6.3. Other supporting documents

- a) SBD 1,4,6.1 ,8 & 9
- b) Equity status of service provider (BBBEE scorecard of good practice) according to the attached form (SBD 6.1).
- c) A valid certified copy of BBBEE certificate or sworn affidavit. (Please note that failure to submit a valid certified BBBEE certificate/sworn affidavit mentioned above will not necessarily result in a bid being disqualified, but no points will be awarded for B-BBEE status).
- d) Central Supplier Database Summary Report

Failure to attach the above documents will lead to your bid being disqualified.

7. Evaluation criteria Functionality evaluation criteria (Please note that this BID will be evaluated on Functionality**).

In accordance with the National Treasury Instruction Note on the Amended Guidelines in Respects of Bids that Include Functionality as a Criterion for Evaluation, proposals will be evaluated in **two stages**:

Evaluation of proposals will be done according to the following criteria (so sufficient information should be provided):

Criteria for measuring functionality	Weight**
Past experience and track record (appropriateness of work portfolio, previous relevant projects and overall track record)	30
Competence/Capability (project-specific expertise, technical and professional skills, content specific knowledge)	50
Methodology (understanding of the ToR, level of detail in the proposal)	20
TOTAL	100

**** Service providers who fail to score a minimum of 70 points out of a possible 100 points on functionality criteria will not be eligible for further consideration.**

The Preferential Procurement Policy Framework Act of 2017 and SANBI procurement process applies to these Terms of Reference. Note that service providers are required to comply with the processes outlined here and failure will result in the disqualification of proposals:

- a) Service providers are required to submit a valid tax clearance certificate with their proposals (see SBD 2). Where the service provider is not in possession of a valid tax clearance certificate, this should be applied for in good time ahead of the proposal deadline.
- b) The 80/20-point system will be applied in evaluating proposals, where price constitute 80 points and the BBEE scorecard constitutes 20 points.
- c) The Standard Bidding Forms (included in the bid documentation) must be completed and submitted with this proposal.

8. Reporting requirements and management

- Accountability and reporting will be to the SANBI Deputy Director: Biodiversity Informatics Partnerships and Cooperation
- An electronic version of all materials and reports must be submitted. All reports must be in MS Office format, as far as possible.
- The service provider will be required to provide a concise quarterly progress report on the deliverables of the contract. A final report, including recommendations will also be required.
- The consultant will be required to have a monthly planning and reporting session with the Deputy Director: Biodiversity Informatics Partnerships and Cooperation.

9. Contractual arrangements

- The contract will be drawn up between SANBI and the service provider.
- Invoices will be paid for deliverables received as agreed in the contract.
- Invoices must indicate the deliverables produced. No upfront payments will be made.
- SANBI will pay for the satisfactory completion of work within 30 days of submission of invoices.
- In the case of invoices to SANBI, they must be addressed to the SANBI Deputy Director: Biodiversity Informatics Partnerships and Cooperation

Copyright of all work product is retained by SANBI.
