CALL FOR EXPRESSION OF INTEREST

Issued by the Directorate on Biodiversity Evidence
South African National Biodiversity Institute

Contract number: Q8362/2022

TERMS OF REFERENCE

Clearing of Invasive Alien Plants: *Cylindropuntia pallida*

Contractor to respond with Expression of interest by: **30 August 2022** to S.SCM-Quotations@sanbi.org.za with a copy to S.Zozi@sanbi.org.za and at N.Kgola@sanbi.org.za.

Background and overview of the task

The Directorate on Biodiversity Evidence (DBE) of the South African National Biodiversity Institute (SANBI) targets localised invasive alien species. These species have not reached their full invasive potential and occur as relatively small populations. Removal of these populations at an early stage of invasion will limit spread to other areas, save on future costs of control, and contribute towards the eradication of these species from South Africa.

SANBI is targeting *C.pallida* for eradication in Free State and N.Cape Province and part of Eastern Cape on the border line

Duration of the Contract and Contract budget:

This contractor will be appointed over duration of two financial years (2022- 2023 & 2023-2024). Table 1 below stipulates the number of days required per financial year. In the event of contract commencing later than planned, due to uncontrolled variables, the contractor may be required to implement catch-up plans and increase team sizes.

- The contract budget for the 2022 – 2023 is calculated using Working for Water's National Resource Management rates (see Table 2 on page 2). The contract budget for the 2023 – 2024

financial year will be calculated using Working for Water's National Resource Management rates provided by the Department (NRM).

- The total contract cost will be calculated using the daily contract cost multiplied by the total number of workdays.
- The daily contract cost is dependent on the following variables: (i) Team size, (ii) working methods, (iii) the actual distance the contractor and Team must travel to project sites, and (iv) whether the contractor will claim value-added tax (VAT).
- Only the actual cost of medical examinations, wages for training days attended can be claimed, and transport at daily allowance rate given.

Details of the work required:

SANBI requires the services of a service provider/Contractor (contractor and Team) to supply the following services:

- (1) Survey localities in Table 3 below.
- (2) Clear all alien plants listed in Table 3 that were found during the survey.
- (3) Collect data as specified.
- (4) Where a contractor completes work ahead of schedule, new species and locations may be added to Table 3.

Table 3: Species and locality list.

Financial Year	Species name	Locality	Population size in ha
2022 - 2023	<i>C.pallida</i> (Jumping cholla)	Bethulie (FS), Venterstad(EC), Orange river Guest House (NC) and Edenburg (FS)	783 .72Ha
2023 -2024	Species name will be confirmed prior to the project inception.	Localities will be confirmed prior to the project inception.	Population Size will be confirmed prior to the project inception.

GPS coordinates of the above localities and species will be supplied to the successful service provider.

Training: The contractor and his/her team are required to attend the following training:

Table 4: Training requirements

Financial Year	Course name and level		Duration in days	No. of beneficiaries
2022 - 2023				

2023 -2024	Training, duration and number of beneficiaries to be confirmed prior to the project inception.

SANBI will cover the cost for all training.

Pre-medical examinations: Due to the rough terrains that some teams are required to work in, the contractor and their Team will need to undergo medical examinations before work commence. Only workers that have been declared 'fit for work' by an occupational health practitioner will be allowed on the Team. SANBI will reimburse the cost for medical examinations.

Monitoring: Clearing operations will be carefully monitored by the SANBI staff and the landowner where applicable.

Team make-up: This work requires a physically fit team of 10 people (qualified team leader (contractor or supervisor) with 5 Herbicide Applicators, 1 Driver, 1 Health and Safety reps and 2 First Aiders), who have had previous experience in clearing invasive alien plants. In the 2023 -2024 the team make up maybe adjusted as per the requirements.

Duties of clearing team:

- Visit each of the known localities.
- Record data from each cleared population on the data collection sheets and suitable electronic devices. Null record data must be collected by setting tracks to "tracks log".
- Completed sheets, GPS tracks, and points are to be submitted to SANBI at agreed intervals. Careful data collection is vital. Data collection and clearing methods differ for each species. Specifications on data collection and clearing methods will be discussed during the training provided by SANBI.
- Ability to use a GPS to record the locality of invasive alien populations and clearing operations is advantageous.
- Cleared material must be disposed of safely, as per instructions from the SANBI.
- The team driver should be in possession of a valid driver's license and PDP to transport the Team to and from sites and should always be onsite during the duration of the contract.

- The Team must have a sound level of physical fitness and be able to work in difficult terrain and dense vegetation.
- Adequate supervision of the work is essential.
- Work to be carried out by a team of semi-skilled workers trained to:

Collect data, survey for new populations of target species, and undertake the clearing of specified species.

Minimum requirements

1. COIDA

Service providers with one or more employees are required by law to contribute to the Compensation Fund. A valid letter of good standing with COIDA certificate is required. The certificate should be issued by the Department of Labour.

2. Certified Health and Safety Representatives

The Team should have two trained and certified Health and Safety representatives on site for the duration of the Contract. The Team should ensure that health and safety representatives have valid Health and Safety certification when submitting their expression of interest.

3. Certified First Aid Representatives.

The Team should have a trained and certified First aider on site for the duration of the Contract. The Team should ensure that First Aid reps have valid first aid certification when submitting their expression of interest.

Conditions of the Contract:

COIDA

A valid certificate covering the entire duration of the contract should be submitted to SANBI. If a bidder fails to submit the certificate, the appointment letter will lapse, and the next successful bidder may be recommended.

Public Liability

Service providers must provide proof of Public Liability Insurance/quotation for public liability or proof of application of a minimum of R1, 000,000.00 (One Million Rand) Public Liability insurance. This insurance serves to protect both SANBI and the contractor in the case of claims due to accidents such as inappropriate use of herbicides, fires caused by team members or motor vehicle accidents caused because of implementing the contract. If a bidder fails to submit proof of insurance, the next successful bidder will be recommended. This insurance can be obtained once the contractor receives the SANBI appointment letter

Transport:

A road worthy vehicle suitable for transporting 10-12 people (Long base bakkie). The vehicle must meet the requirements of a construction vehicle (e.g. fitted with a revolving orange lamp, secured benches with seatbelts, speed limit displayed). In the event that this requirement is not met, the next successful bidder may be recommended.

In an event that a vehicle needs to be replaced during the contract, the above transport specifications need to be met, failure to meet these requirements will result in the cancellation of the contract.

Local Beneficiaries

At least 30% of beneficiaries should come from one of the target areas (proof of residence need to be submitted after appointment) for a contract of more than 20 working days.

Health and Safety and First Aid Reps

The service provider must provide the valid certification for the required amount of Health and Safety and First Aid reps certification is required. If the bidder fails to submit proof of certification for the Team that will be onsite, the next successful bidder will be recommended.

Inception of the contract (2023-2024)

The Contractor will be given 1 month notice to put the team together for the 2023 -2024 clearing season.

Contract Type:

This is a daily wage contract and is based on the delivery of milestones tied to the achievement of a set number of person days. Payment is calculated on the amount of person days achieved. Only person days worked, can be claimed.

In the event where a milestone takes less time to complete, SANBI may add extra duties to fill the remaining person days. Duties may include extra surveying, extra clearing or any other reasonable activity linked to the conservation of biodiversity.

Equipment and protective clothing requirements (to be supplied by the contractor):

Protective clothing:

1. Appropriate PPE: e.g. safety boots, Elbow length rubber gloves, leather gloves, sunhats or, piece-overalls, herbicide masks, chainsaw PPE, Apron, reflector vests and goggles.

SANBI will reimburse the contractor using the EPWP stipulated rates.

2. A list for protective clothing for herbicide applicators will be provided once the list is finalized.

Field equipment:

3. Appropriate field equipment (These vary from project to project): Knapsacks, hand sprays, secateurs chainsaws, ropes and harnesses, step ladders, rakes, brooms picks, hoes, spades and measuring tape. SANBI will reimburse the contractor using the stipulated EPWP rates.
4. In addition to standard equipment, the contractor must provide COVID-19 required equipment such hand soap and sanitizers.

Herbicide Tools

5. The contractor/ Service provider expected to meet herbicide health and safety standards: Absorbent material, washing soap, refuse bag, 20L clean water container, measuring, jug, hand washing container/ bucket and spare knapsack nozzles.
6. The contractor/ Service provider expected to meet herbicide health and safety standards: Absorbent material, washing soap, refuse bag, 20L clean water container, measuring, jug, hand washing container/ bucket and spare knapsack nozzles.
7. Service provider/ Contractor must provide a fully stocked medical aid kit bag/container as per the EPWP standards.

Transport:

8. A road worthy vehicle suitable for transporting 10-12 people (Long base bakkie). The vehicle must meet the requirements of a construction vehicle (e.g., fitted with a revolving orange lamp, secured benches with seatbelts, speed limit displayed).
9. A licensed and roadworthy trailer to transport tools, herbicides, equipment, and plant material (wood) to dumping sites.
10. The vehicle must have a valid license disk, reflectors, no leakages and should pass a roadworthiness inspection before the contract starts.

Admin:

11. Admin material for data collection (pens, eraser, measuring tapes, file for documentation).

Equipment to be supplied by SANBI

GPS units (where applicable), datasheets & clipboards, Herbicides, adjuvants, and dyes.

Quotation evaluation

It is compulsory for applicants to supply enough information on the bidding company, proposed team leader (i.e. infield supervisor), qualifications (attach certificates), structure of the Team and employment of workers meeting EPWP targets to be considered for the evaluation process.

The Preferential Procurement Policy Framework Act (No. 5 of 2000) applies to these terms of reference. In accordance with this act the 80/20 point system will be applied in evaluating quotes, where technical merit constitute 80 points and BEE constitutes 20 points. Evaluation of proposals will be done according to the criteria listed below. Sufficient information should be provided to allow the evaluation panel to score the proposals against these criteria.

Applications will not be evaluated on price. The successful applicant will be given a contract with a budget based on the EPWP rates. Evaluation of proposals will be done according to the following criteria:
