

SANBI Publications

The SANBI Graphics and Editing unit is responsible for providing science-based technical, scientific editing and graphic design services to SANBI divisions and external clients. High standard print and electronic media are provided within required time frames.

SANBI Graphics & Editing is part of the Division: Foundational Biodiversity Science, and both the SANBI Graphics & Editing unit and the SANBI Bookshop are situated in the National Herbarium building, 2 Cussonia Avenue, Brummeria, Pretoria.

SANBI Graphics & Editing is responsible for publishing the following publications (in addition to other print and electronic media):

SANBI Biodiversity series (occasional reports on workshops, conferences, projects, technologies)

Strelitzia (scientific research information on flora in southern Africa)

Suricata (scientific research information on fauna in southern Africa)

Flowering Plants of Africa (conveys to the reader the beauty and variety of form of the African flora, and advances the science of botany as well as botanical art).

[Bothalia African Biodiversity and Conservation \(previously Bothalia\)](#), is the house journal of SANBI. The journal is available online on an open-source model.

N.B. Please note that the bogus website www.bothalia.com has no connection or relationship to SANBI's house journal Bothalia and would like to caution anyone from visiting this website or submitting any content to it.

[SANBI Bookshop](#)

The SANBI Bookshop is part of SANBI Graphics & Editing and sells books published by SANBI Graphics & Editing as well as books that are purchased from external publishers, e.g. Struik, Briza, Botanical Society of South Africa. Contact Thembi Masilela (Tel: +27 (0)12 843 5099).

For more information on SANBI Graphics & Editing and the submission of manuscripts for publication, you are welcome to e-mail Sandra Turck or call +27 (0)12 843 5197.
