## EXHIBITION OF BOTANICAL ART, AUTUMN SHOW, ROYAL HORTICULTURAL SOCIETY, LONDON, 28 & 29th OCTOBER 1986.

Auriol Batten, botanical artist of East London, Cape Province, and author and illustrator of the recently published Flowers of Southern Africa, exhibited 18 paintings from her book and was awarded the RHS Gold Medal for the exhibit. The Gold Medal is awarded for exhibits of special excellence. Subsequently, the paintings were exhibited at the Royal Botanic Gardens, Kew.

## NATURAL HISTORY BOOK SERVICE

The unique service of Russel Friedman Book Enterprises is aimed at supplying enthusiasts, professionals and collectors with natural history books, in their specific fields of interest. The service is run by Russel Friedman and Duncan Butchart, who between them have 18 years of bookselling experience. They are specialists in the field of natural history publications, and their established contacts throughout the world ensure that even the most specialised titles are located.

Any books that you require can be ordered, and their regularly updated backlist catalogue, listing available titles in each category, will be sent to you periodically. A monthly newsletter featuring forthcoming books and special offers is also sent out. By joining their service you are entitled to special prices on all purchases providing you are also a member of the Wildlife Society, Southern African Ornithological Society, Endangered Wildlife Trust, Botanical Society or any other organisation involved in conservation (therefore SAAB). A discount of less 10 percent is allowed on all ordinary purchases and occasionally there are special offers where books are made available at greatly reduced prices.

In order to avail yourself of this special service contact Russel Friedman Book Enterprises (Pty) Ltd., P.O. Box 73, 1685, Halfway House.
